Student Programs wants you to eat smarter. That's why we developed the "You're Eating Smarter" (Y.E.S.) nutrition education program, coordinated by our administrative dietitian. A large part of the Y.E.S. program is the nutrition and ingredient information website: www.studentprograms.vt.edu/yes. The website also features information on various nutrition topics, answers to frequently asked questions, and links to reliable nutrition information sites. The Y.E.S. program includes table cards in each of the dining centers, personal counseling, residence hall programs, and other educational opportunities.

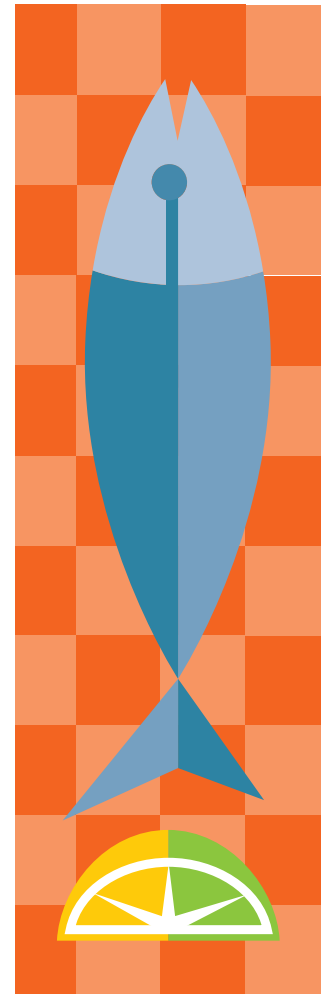

Join us for these special dining events!
