STUDENT PROGRAMS DESIGN WINS NATIONAL AWARD

Blacksburg, VA (Sept. 13, 2005)--*Liquid Library*, a national graphic design magazine, has named Student Programs Graphic Designer Nancy Bagato Reed as one of two finalists in the 2005 Design Competition for her wallet-sized, fold-out Z-Card, which was distributed to faculty and staff last January. The Z-Card makes on-campus dining center hours, locations, and features readily available to faculty and staff. *Liquid Library* called the Student Programs marketing department "a small but productive and talented in-house design team." Reed won an Apple iPod shuffle for her entry.
